

## APPLETON MAY BE CENT FUEL MANUFACTURING DISTRICT

New Company is Organized Here to Manufacture Fuel  
and Fertilizer From Peat Bogs in Center Swamp—  
Immense Factory is to be Erected in Near  
Future—Paper Mill Waste to be Utilized

One of the newest and most important industries in the United States has been launched in Appleton. It will probably make this city nationally known because of its establishment here, and may revolutionize the fuel situation of the country. It will also utilize what was formerly a waste product of the paper mills.

The industry will be known as the Appleton Peat Products company. It will be incorporated within the next few days with S. W. Murphy as its president. Its other officers are C. A. Willmarth, secretary and J. P. Frank, treasurer.

Ground has already been broken for a plant to be located on the peat bog commonly known as the Center swamp, between the Mackville and School Section roads. It will start overhauling the peat into a fertilizer preparation known as "mull" within 60 or 90 days and will be manufacturing peat fuel in briquette form by September.

Mr. Willmarth, who will be general manager of the company, is the first man in the United States to perfect a process by which peat may be converted into a marketable fuel. Hundreds have tried it before him and all companies are operating now with crude methods that hardly warrant the labor and expense. The Appleton concern will install machinery designed by Mr. Willmarth and expects to produce a fuel that is better than coal and at less cost.

The company is incorporated for \$60,000 in preferred stock and 1,200 shares of common stock of no par value. It has secured 360 acres of swamp land, which will supply enough peat to keep the plant in operation for a number of years. It is estimated that there are 200 tons of dry peat to the acre. Each foot of depth of peat that each acre of the Center swamp will therefore produce about 1,000 tons, as it is from four to 20 feet deep.

**Erect Big Building**  
The first building to be erected will be 160 feet long, 24 feet wide for 60 feet of the way and 36 feet wide for the remainder of the length. It will be 24 feet high and 24 feet wide. A runway will be erected running out from the building to the swamp, near which it is located.

Because of the time required to manufacture and install the fuel-making machinery, no fuel will be made until late in the winter or early in the spring. The company plans to install a unit for making mull at once, however, and will make only enough fuel for its own use. A contract has already been closed with a Chicago concern for 20,000 tons of mull, which will keep the plant running for several months.

Peat is composed of vegetable and animal matter which has become decomposed into a soft, wet substance made up of minute cells. It is coal in its first stages. Conversion process requires it one step nearer to coal, and raises the heat units.

**Couldn't Expel Water**  
The reason why peat fuel has never been made a commercial success, as explained by Mr. Willmarth, is because the process could be found which would effectively remove the water. Subjected to heat for drying, it was found that the fuel required for drying cost more than the resulting product. The usual procedure was to send the peat through huge grinders and rollers which would break down the substance. It was then spread out to dry and had to remain here from 30 to 60 days. The minute cells contain moisture and must be broken to remove it. This was one of the stumbling blocks which most men were unable to solve.

Mr. Willmarth found that this procedure was all wrong. His method is (Continued on Page 11)

## UTO RACERS PREPARE FOR CONTEST SATURDAY

**Elgin, Ill.**—Auto race pilots today were taking their final dusting on the dirt track here preparatory to the national road race tomorrow. Drivers declared today the path was a test of condition. Rains, which prevented the tests a week ago packed the soil and improved the entire course, pilots said.

**Joe Thomas, injured in the trials early in the week, was expected out of the hospital today for a final practice spin.**

**POLICE SEEK CLEW TO  
YOUNG WOMAN'S SLAYER**  
By United Press Leased Wire  
New York—Police today were systematically questioning all friends and acquaintances of Mrs. Blanche Schultz, who was murdered yesterday on the Jersey Palisades, in an effort to get a few which will lead to apprehension of her slayer.

Frank Schultz, who identified the body, was interrogated by the police for hours. It was understood he furnished names of all persons who knew his wife.

The murder was one of the most brutal in police annals. Detectives believe the girl was lured to a lonely spot in the woods not far from a big amusement park on the Palisades and that here she was beaten into unconsciousness and her throat cut.

## RED RETREAT IS CONVERTED TO UTTER ROUT

Fleeing Russians Take Families  
Across Border into East  
Prussia.

BRITISH DEMAND PEACE  
Laborites Demand That Russian Peace Terms Be Made Public.

By United Press Leased Wire  
Berlin—Famine and desolation are following in the wake of the panic-stricken flight of the bolshevik troops, who are crossing the frontier into east Prussia by thousands.

Many of the men are accompanied by their wives and children whom, they said, they were forced to bring along on the invasion of Poland or they would have starved to death. Indescribable scenes are being enacted along the border, according to dispatches received from press correspondents. German officials established soup kitchens to care for the starving, emaciated Russians. Men, women and children, screaming and fighting, scrambled over each other in the rush for these rations, "like the pigs fighting at a food trough," one correspondent said.

Some of the refugees not realizing they could enter east Prussia without paying tolls, offered hundreds of rubles and their personal trinkets for passage.

Hundreds of the Reds declare they never want to return to Russia, saying it is impossible to make a living there. The wildest rumors are in circulation among the prisoners. Word is passed from mouth to mouth that a revolution has broken out in Moscow and that Lenin and Trotsky have been slain.

The German government is negotiating with the bolsheviks regarding the feeding and ultimate disposal of the interned Russians. Tentative plans have been made to take them to Pillau and Swinemünde, and then distribute them among the more habitable former Russian prison camps.

**By Webb Miller**  
**British Demand Peace**  
London—British labor is demanding that the government take immediate steps to bring about peace between Russia and Poland.

The laborites take the attitude that Great Britain, chiefly instrumental in forcing the bolsheviks to modify their armistice terms, should now exert all possible pressure upon the Poles to compel acceptance of the proposals which were previously approved by Premier Lloyd George.

In a message sent jointly to Lloyd George, Arthur Balfour, lord president of the council, and Leo Kamenef, bolshevik trade commissioner in London, the executive council of the British labor party declared that body had helped to induce the Reds to withdraw the objectionable terms—thus removing the obstructions to peace—and urged that the Russians and British simultaneously publish the full terms upon which peace can be obtained.

**Army Half Destroyed**  
Unofficial reports would indicate that the bolsheviks lost nearly half of their effective fighting units in Poland. The number of Reds engaged was estimated by General Haller at about 300,000. The number of prisoners taken by the Poles was said to be nearly 80,000 while about sixty thousand have crossed into east Prussia and been interned.

Sporadic fighting was reported on some portions of the battle line extending from the region of Grodno southward to the vicinity of Lemberg, but north of Warsaw the sole activity appeared to be the rounding up of scattered bands of Reds.

**Take Much Artillery**  
London—The Poles have captured two-thirds of the artillery used by the bolsheviks on the Polish front, according to advices from Warsaw today.

The Anglo-French mission is reported to have left Warsaw.

**Reds Start New Drive**  
Moscow—The bolsheviks have launched a counter-attack designed to recapture Brest-Litovsk. It was officially announced today.

"We are fiercely attacking the Brest-Litovsk forts," the official communique said.

**Poles Want Peace**  
Warsaw—"The victory of the Polish army does not change our attitude regarding peace," Premier Witos declared today in a statement regarding the Russo-Polish armistice negotiations at Minsk.

"A durable peace, based upon honorable and just conditions, was and is the aim of Poland. We do not seek to appropriate foreign territory."

Witos insisted that uninterrupted communication with the Polish delegates in Minsk is vitally necessary.

## COMBINED LOCKS WOMEN SET PAGE

Ladies of New Village Will Have  
First Opportunity to Vote  
August 31.

By United Press Leased Wire  
Women in the village of Combined Locks will undoubtedly have the distinction of being the second group in the United States to cast their ballots under the provisions of the equal suffrage law when they assist in electing officers for their newly incorporated village next Tuesday.

Women of South St. Paul, Minn., who voted on the advisability of digging a well today, were the first to take advantage of the new law.

Combined Locks, which was incorporated only a few weeks, will elect its first officers on Tuesday. Ballots will be cast for a village president, supervisor, trustees, justice of the peace, police justice, constable, clerk, treasurer and assessor. It is said there are several candidates for nearly every office.

## HUNGER STRIKE IS FELT IN NEW YORK

Longshoremen Quit Work as a  
Protest Against MacSweeney  
Imprisonment.

By United Press Leased Wire  
New York—Twelve hundred longshoremen employed on the piers of the White Star Line here went on strike this afternoon as a protest against imprisonment of Terrence MacSweeney in an English prison and refusal of the British government to permit Archbishop Mannix, of Australia, to visit Ireland.

They were joined by about 500 longshoremen from the Cunard Line, another British concern and 120 firemen from the White Star liner Baltic.

The walkout occurred shortly after longshoremen began unloading supplies for MacSweeney and Mannix, marched down to the White Star piers. These women circulated among the men who soon formed a company and marched along the water front, shouting and wearing placards furnished them by the women.

The White Star longshoremen and the Baltic firemen said they would not return to work until the entire British crew of that ship had been replaced, on the grounds the crew permitted officers from a British destroyer to remove Mannix who was bound for Ireland and take him to England.

These same firemen caused trouble just before the Baltic was scheduled to leave New York with Mannix aboard.

The strike was expected to delay the sailing of the White Star liner Olympic and the Cunard Aquitania, both of which were scheduled to leave tomorrow.

## FOUR PERSONS KILLED IN DOUBLE TRAIN WRECK

Paris, Ky.—Four persons were killed in a double wreck near Elkins, Ky. today.

A wreck train from Paris ran into a crowd on a bridge killing two and injuring two others fatally, and was derailed.

In a freight wreck, Claude A. Crowe, 35, engineer of Paris and Robert Reynolds, fireman, of Jackson County, Ky., were instantly killed and Bennett Mullins, flagman of Livingston, was injured.

## HOSPITAL REFUSES TO GIVE UP WIFE'S BODY

By United Press Leased Wire  
Chicago—Joseph Chapter today planned to secure a writ of replevin for the body of his wife and the surrender of his son held by a hospital here in default of payment of a \$75 bill.

Hospital authorities have notified Chapter they will not release his six weeks' old son or permit the burial of his wife until the bill is paid.

When an undertaker called at the hospital for the body he was told by Dr. T. Beaton that the bill must be paid or a court order secured before the body could be given over, he said. Chapter protested that he had not sufficient funds to pay the hospital bill.

## U. S. TO SEND ANOTHER WARNING NOTE TO POLES

Washington—There will be another exchange of notes with Poland over this government's warning against an advance of Polish forces into Russia. It was said officially at the state department today.

This statement was taken to indicate that the Polish reply yesterday was not fully satisfactory to this government. As a result the Polish reply received yesterday, will not be made public now, it was said.

## GREEN BAY SHOWS BIG GROWTH IN 10 YEARS

By United Press Leased Wire  
Washington.—The census bureau today announced the following 1920 population results:  
Green Bay, (state), 2,280,953; Green Bay, Wis., 31,917; Huron, S. D., 5,320; Red Wing, Minn., 8,857.  
Increase since 1910: Green Bay, state, 284,224, or 14.2 per cent; Green Bay, Wis., 5,781, or 22.9 per cent; Huron, 2,111, or 43.1.  
Decrease since 1910: Red Wing, Minn., 411, or 4.5 per cent.

## CHARGES STORES ARE PROFITEERS

Profits of \$60 on Suit of Clothes  
Charge Against Chicago Merchants.

Chicago—Charges that big State street department stores here are making enormous profits and selling clothes at \$60 above cost and shoes at \$9 above the wholesale prices, were made in a statement today by United States Attorney Charles F. Clyne.

Clyne announced that owners of stores had been requested to bring their books before the federal grand jury, now in session, and that if they failed to do so, they would be served with a subpoena.

Refusal by Mandel Brothers, a big department store, to produce its books, resulted in the immediate issuance of a subpoena by the grand jury calling for the records. The books were then produced.

"There has been profiteering on State street," said Clyne, "and we are going after the profiteers."

"There has been talk about grocers and others making an eighth of a cent on an article but that is nothing compared to selling of a suit of clothes at \$60 profit and a pair of shoes at \$9 profit."

Marshall Field and Company, one of the largest department stores in the world, consented to produce their books, Clyne said.

## BOYS ADMIT PLAN TO ROB BASEBALL BOX OFFICE

By United Press Leased Wire  
Chicago—How three youths planned to hold up the box-office of the Chicago White Sox Sunday, August 1, when Baruch Roth was drawing thousands to the park, was revealed today in an alleged confession made to Assistant State's Attorney John Lowry.

The three boys were arrested yesterday. Police charge their arrest frustrated a plot to hold up a bank messenger with a \$40,000 payroll.

According to Lowry the young bandits failed to carry out their plans because of the large number of people who stood outside the park.

A report that the trio confessed they also intended to murder Charles Comiskey, owner of the baseball team, was denied by Lowry.

The trio held as "Iron Jaw" Jimmy Ryan, Louis Maloney and Milton Bronski, all of Chicago.

## EXPENSE PROBERS ARE SILENT ON COX CHARGE

By United Press Leased Wire  
Des Moines—Senator Wm. S. Kenyon, Iowa, chairman of the senate committee investigating campaign expenditures, declined to comment on the speech of Gov. Cox in Pittsburgh last night in which the democratic candidate charged the republicans sought a \$15,000,000 campaign fund.

His comment on such charges will be reserved for the committee hearings, Kenyon added.

"The committee will delve into the campaign fund matter in a manner satisfactory to every American voter," the senator said.

"Whatever charges are made by Gov. Cox will be thoroughly investigated."

## The Appleton Post-Crescent

will be increased in price to  
15 CENTS A WEEK

This is the last week that THE POST-CRESCENT will be delivered by carrier for 15c.

Production costs, the most vital of which is the price of print paper, have caused an extreme hardship to newspapers throughout the country. Newspaper suspensions thus far during the year 1920 number into the hundreds, while most other businesses have been enjoying a high degree of prosperity.

The Post-Crescent is compelled to meet the situation in part by increasing its weekly delivery price to 15c. This step should have been taken six months ago, but the establishment of a new price has been postponed from time to time with the hope that there might be some possible relief from existing conditions.

However, instead of getting better, conditions have steadily become worse. News paper production costs have mounted to figures almost unbelievable. The price of print paper, for example, ranges from 300 to 500 per cent above pre-war prices. In addition there are many other items, including labor, ink, metal, blankets, rollers, etc., and these have risen at a tremendous rate.

The advance to 15c a week will take effect next week in Appleton, Kaukauna, Little Chute, Kimberly and Combined Locks.

TOMORROW, PAY THE CARRIER BOY THE OLD PRICE—12c. SATURDAY, SEPTEMBER 4TH, PAY THE CARRIER BOY THE NEW PRICE—15c.

## BRITAIN MAY YET RELEASE IRISH MAYOR

Effect of Hunger Strike on Political Situation Causes Apprehension.

INCREASE PRISON GUARD  
Government Is Taking Extra Precautions as Feeling Grows More Acute.

By United Press Leased Wire  
London.—Effect of the hunger strike of Lord Mayor MacSweeney, of Cork, upon the political situation in both Ireland and England was believed today to be slowly breaking down official opposition to his release.

The approaching death of the lord mayor—who has been on a hunger strike in Brixton prison for more than two weeks—has created a serious crisis in Ireland. Radical and labor elements in England are beginning to make it their fight.

The MacSweeney case, coupled with the threatened coal strike led to reports today that Premier Lloyd George had decided to curtail his "vacation" in Lucerne and return to London.

Rumors were revived that the government would release MacSweeney on the pretext of his having contracted tuberculosis, thus relieving the situation without relaxing its announced determination to release no more hunger strikers.

The latest word from Brixton prison today was that the lord mayor was in a semi-conscious condition and so weak that doubt was expressed of his recovery even should he receive release.

King George made public today his decision not to interfere with the cabinet's action regarding MacSweeney. Lord Edward Howard, nephew of the late John Redmond, nephew of the king, to release the lord mayor. The king replied yesterday that he would give the matter "immediate and earnest consideration."

Cordons of troops were thrown about Brixton prison today.

The military took this action after discovery that a number of persons demonstrating for release of Lord Mayor MacSweeney, of Cork, were armed with revolvers and bombs.

**Profess Premier**  
Soldiers and police promptly charged and broke up every group that gathered in the vicinity of the prison. Several additional arrests were made.

After visiting the lord mayor this morning, his wife and sister, Annie, said his death was imminent.

Swiss police took extra precautions to safeguard Premier Lloyd George, following reported departure from Ireland of Sinn Feiners who plan to assassinate him.

The premier appeared to be unperturbed by the reports, or the activity of the police.

## Irish City Burned

Belfast—The entire business section of Dundalk has been destroyed by fire, alleged to have been set by Sinn Fein sympathizers in reprisal for the burning of Catholic property in Belfast and Lisburn by Unionists.

Thirteen persons stopping in rooms over a drygoods store were trapped and three of them were burned to death.

Dundalk, a city of 15,000, in an Dundalk bay, midway between Belfast and Dublin.

London.—J. H. Thomas, British labor leader, sent a message to Premier Lloyd George late today urging release of Lord Mayor MacSweeney from prison as "the first step toward peace with Ireland."

Thomas said there was no analogy between the case of MacSweeney and that of ordinary criminals on hunger strike.

## COX SLUSH FUND CHARGE BRINGS EXPLANATIONS

Republican Leaders Aver Democrat Has Not Backed Up His Allegation.

LARGE QUOTAS ADMITTED  
Did Not Expect to Get as Much as Was Allotted, G. O. P. Heads Say.

By United Press Leased Wire  
New York.—Republican leaders today began preparation of a detailed reply to Governor Cox's charges of a huge G. O. P. corruption fund, which will be submitted next week to the senate sub-committee investigating political expenditures, at Chicago.

The republicans here believed that Cox, in his speech at Pittsburgh last night, had not proved his allegation that they were raising a corruption fund to buy the presidency. With regard to the list of 31 cities Cox read during his speech, together with their alleged quotas, aggregating \$8,145,000, the republicans pointed out the figures covered state and district campaigns in addition to the national fight and that no corruption was shown.

Will H. Hays, chairman of the republican national committee, declared that body will give to the senate investigators the name of every contributor and that "the quality of the citizenship which constitutes that list will be such a refutation of the veracity and judgment of Mr. Cox that the whole country will know him."

"Mr. Cox has charged that millions have been paid into the republican national committee by sinister influences to corrupt the electorate," added Hays.

"That charge is the one he must prove. It is an insult to those thousands of good citizens all over the country who are contributing to the republican party."

Other officials explained that the list read by Cox did not necessarily represent the exact sums to be raised. These figures were put high so there would be a definite goal for each district.

Some evidence of a counter-attack was seen in Hays' statement that "I hope Cox divulges the names of the funds which are being contributed by the democratic national committee and other agencies to be used in an effort to elect him."

## Proof Is Lacking

New York.—In discussing Governor Cox's Pittsburgh speech today, republican leaders emphasized the democratic candidate had made two separate and distinct charges, proof of which he had promised to produce.

First, that the republican national committee was raising a fund of \$15,000,000.

Second, that millions had been paid to the committee by the greedy interests for the purpose of buying the presidency.

They contend he proved neither charge. They alleged Cox based his case on a largely tentative list of quotas or subscriptions from various cities which was prepared by Harry M. Blair, assistant to Frederick W. Upham, treasurer of the national committee, merely for the general guidance of the committee and that it was never put into practical effect.

**Admits Large Quotas**  
"All the amounts were made purposely large," said one of the officials of the committee, "in order to stimulate local endeavor. In some cases we actually asked for more money than we expected to get."

Furthermore, all quotas which were finally decided upon, included both national and state campaigns. Only one-third of the amount raised in the various states goes to the national committee.

The list of the city quotas, it was asserted, was never published in the republican official bulletin, which is issued periodically by the treasurer's office for distribution among republican workers generally, and from which Cox quoted in support of his charges.

Upham has said the total of all contributions for the republican cause this fall will be less than half the gross amount named by Cox, but republican leaders attach more importance to the charge of "buying the presidency" than to allegations regarding the amount of the fund.

Republican leaders contend there was no evidence in Cox's speech of conspiracy of special interests to "buy the presidency" or "obtain an undue hold on the government," as he alleged.

## All a Dream, Upham Says

Chicago.—Gov. Cox's charges that the republican party is raising a \$15,000,000 campaign fund was charged today as a "dream" here today by Fred Upham, treasurer of the republican national committee.

Upham returned from the east today. He reiterated his statement that the fund being raised by the republicans would amount to "only \$3,000,000."

**Tumulty to Hear Cox**  
Washington, D. C.—Joseph P. Tumulty, secretary to President Wilson today went to New York to hear Governor Cox, the democratic presidential nominee, speak there Saturday night.

Tumulty also was expected to confer while in New York with George White, democratic national committee chairman and other party leaders. Tumulty declined to say whether he bore any message from the president to Governor Cox.

Democrats Believe Their Candidate Has Wrecked G. O. P. Plans.

PROMISES NEW FIGURES  
Cox Will Endeavor to Prove That Harding Is Responsible for Fund.

By United Press Leased Wire  
New York.—Declaration by Chairman Will H. Hays that Governor Cox's charges against the republican national committee are false and the intimidation by Cox that further "information" may be forthcoming today marked the progress of the controversy centering about the republican campaign fund.

In New York, Hays issued a statement declaring Cox had failed to prove his charges "simply because they are false," and Cox, in an interview, stated his belief that the situation "permits of development," and that "plenty of information" may be expected during the next week.

Hays' statement was issued from republican national headquarters here. It asserted that the democrats "will have a chance next week when the senatorial committee in Chicago investigates campaign funds to indicate the source of their own money."

It was denied at republican headquarters that the quota sheets with lists of cities cited by Governor Cox in his Pittsburgh speech were ever used by the republican committee.

Governor Cox passed through New York enroute to New Haven for a speech this afternoon. His special car was swamped by reporters, with whom he discussed the situation.

At Marion, Ohio, Senator Harding declined to comment on the Cox charges, saying it would be "more becoming" to allow Chairman Hays to discuss them.

A United Press dispatch from Boston quoted Gov. Coolidge, republican vice-presidential candidate, as saying he knew nothing to warrant Governor Cox's charges, and that no such plan as Gov. Cox outlined had been made.

Chairman White, of the democratic national committee, declared that "the mark was off." He said the senate sub-committee must now make public the addition information and figures independent of republican officials.

(By Herbert W. Walker)  
New York.—Any attempts of republican leaders to deny the figures quoted at Pittsburgh last night in support of his charge that the G. O. P. campaign goal is \$15,000,000 will be met by "additional revelations," Gov. Cox said today.

He indicated his next move would be to give the names of some of the heaviest contributors to the republican fund and to attempt to prove his assertions that the \$1,000 limit announced by Senator Harding is being evaded.

Democratic leaders are confident that Cox has wrecked the financial plans of the republicans. George White, chairman of the democratic national committee, said when he met the governor today.

White, Senator Harrison and Homer Cummings, former chairman of the democratic committee, met Cox at the station and their first act was to congratulate him on his Pittsburgh speech. They will accompany him to New Haven.

Important conferences will be held by Cox with national leaders during his trip to New Haven and Sunday.

Just how far western stump battles shall be waged will be the main topic.

## Awaits Response

Philadelphia, Pa.—Governor James M. Cox, having made a spectacular presentation at Pittsburgh of figures he said supported his charge that republicans are seeking a campaign fund of \$15,000,000, today was awaiting the response of his opponents to his "indictment" before determining how his attack shall be continued.

While traveling to New Haven, Conn., for his first stump invasion of New England, Cox indicated his speech with copies of documents on which it was based, will be placed before the senate campaign expenditures committee when it resumes its meetings next week at Chicago.

The governor stated one of his main aims in future addresses will be to show Senator Harding is responsible for the alleged "slush fund."

**Names Many Quotas**  
In his speech last night Cox read a list of fifty-one cities in twenty-six states to which he claimed the republicans had assigned quotas totaling \$8,145,000. He read paragraph after paragraph from "The Official Bulletin," which he said was a confidential publication issued by the office of Fred W. Upham, treasurer of the republican national committee.

These quotations showed that campaigns are being made in scores of states and that quotas in addition to those of the fifty-one cities have been assigned, he said.

The crowd made the hall resound with cheers when Cox challenged Will Hays to deny the correctness of the quotas he mentioned.

Senator Harding was brought into "the evidence" when Cox read what he said was a message from him in "The Official Bulletin" praising the work of the financial organization.

**THE BOOK OF ANN**  
**Bob Believes a Wife Should Be Responsible for Her Husband**

"Let me ask Bob why he believes I should remarry my divorced husband," was Mrs. Best's calm rejoinder.

"Simply because I believe that the strong human beings should always uphold the weak. It is the only way to keep a good average in human society."

"Sort of individual responsibility for the general uplift?" I asked. "Bob Lorimer, I'm positively ashamed of you! People who can't hold themselves upright, might as well collapse."

"I doubt if anyone can resurrect a personality which has started to rot," said Mrs. Best, gently. "My husband's present self doesn't touch me at all. But I know that if I could see him as his old self, the man I first knew, I would surely love him all over again and marry him. He can't understand that he has changed. My husband was a man of extraordinary intelligence, and he deliberately destroyed the best things in his own nature. He had the finest taste and discrimination in everything—except his own character."

"Pure genius, evidently," said Bob. "My meetings with him since my divorce have always been curious revelations. Invariably I get a single hint of a man he used to be, and my heart breaks. But I haven't a single tear for the man he is now—the man he became of his own volition."

"I think most of us choose to be just what we are," said my husband, "although we say we are made by forces we could not resist. I believe if we held people responsible for their characters instead of accepting everlasting excuses for their failing and profligacy, say, if we compelled each man to be his own keeper, morally, we might attain to a pretty decent world."

"And if a husband is a failure you

consider it a wife's duty to shelter him?" I asked.

"Yes. Sounds strenuous, of course. But in just the same way I believe parents should be held responsible for the upbringing of their children. If parents had to explain to a court just how and why a son became a thief or a murderer, we would have shorter lists of criminals. But society pitilessly punishes the parents who ruin their own children. I believe the innocent should be supported by their relatives. Then men and women would study eugenics and avoid bringing imbecile and degenerate offspring into the world."

"Well, Bob, I certainly tried for years to reform a recalcitrant husband and I do not care to repeat the experiment. I'm willing to keep him from being a charge upon society, since he will not work, but I will not live under the same roof with him. I have told him that he must not try to see Ann until we have all talked things over. But I'm afraid he will come to the garden party—the political rally Miss Lorimer is planning. He loves public scenes—likes to be important and conspicuous and he may create some horrid commotion."

"I'll get somebody to look out for him—and prevent that. Don't worry, Mrs. Best," said Bob.

"Now that Ann has money, he will always worry her," she continued. "Almost the only way I could keep tab on him would be to remarry him. It would save you folks from perpetual irritations and embarrassments. Will you forgive me, if I do not?"

"We would never consent to such a sacrifice," I cried. And I was sorry not to hear my husband make a similar emphatic statement.

"I'll tell you what we'll do," he said. "We'll send Mr. Best around the world on a long trip. That will keep him away from Ann and you for months."

"Meanwhile—look out for a scene at the rally," was Mrs. Best's warning.

**MISS BURCH RETIRES FROM PETTIBONE STORE**

After many years of service as head of the millinery department at the Pettibone store, Miss Mildred Burch has retired from active business life. Availing herself of the retirement fund, a fixed policy at the Pettibone store, Miss Burch has not definitely made her plans for the future, although it is probable she will spend the coming winter in Arizona or California.

For many years Miss Burch has been a designer of high class millinery.

Her successor is Miss T. J. Wilke whose home is at Mason City, Iowa. Miss Wilke has had considerable millinery experience and entered upon her duties at Pettibone's today. The balance of the millinery organization at Pettibone's remains as before. Miss Josephine Gantner continuing as head saleswoman and Miss Anna Wehling as head trimmer.

### WOMEN'S and MISSES' SUITS

**S** TRAIGHT-LINE skirts and semi-fitted "uncorseted" effects are noticeable in the newly approved suit styles and "couterline brown" is the latest color-favorite. These and daring Parisian originality in cut with boldness in the use of silk embroidery and fur are prominent in our gathering of fashionable apparel.

In variety our selections range from the quietly practical to the near-extreme, but note this: in quality and in styling the note of good taste is conspicuous in everything we display, guaranteeing that you will be as well dressed wherever you visit as here in Appleton.

The range in fabrics is very comprehensive, and includes besides staples such as tricelines, serges, poplins, chevots and unfinished worsted, gayer stuffs such as chammoisine, suede glow, silvertone, and many others. Colorings embrace courturier brown, French blue, copenhagen, teal, musketeer, taupe, tan, brown, gray olive, nutria, dull greens, beaver, navy and black, while of linings neither pen nor space is adequate for description.

Very practical simple suits of splendid material and workmanship are priced as low as **\$59.50**

Fashionable suits of costlier materials are priced—according to elaborateness of design and trimming and costliness of furs employed—at up to **\$150**

# SPINSTER COOLS OFF IN COOLER

Racine Woman Gets Too Cheery  
When She Is Haled Into  
Court Room.

Racine—The cool confines of the county jail here were sampled Tuesday by Miss Lena Rosewall after an unsuccessful verbal tilt with Judge Oscar M. Fritz of Milwaukee, who was called to hear a contempt of court charge.

Miss Rosewall is a wealthy spinster, owner of a large farm along the right of way of the Milwaukee, Racine and Kenosha interurban. She manages the farm. Recently she constructed a 16-foot board fence on her property, shutting off the view of both motorists

men and motorists. at a dangerous crossing. Judge Belden had issued an order restraining her from building this obstruction.

Three times during the Tuesday session, Miss Rosewall rushed from the courtroom after an exchange of hot words with Judge Fritz and each time was brought back by bailiffs, at the court's orders. Finally Judge Fritz ordered her removed to the county jail "until she becomes more composed."

Later in the day she was again arraigned. She was ordered to tear down the fence within ten days or be put in solitary confinement in the county jail for twenty days.

Miss Rosewall declared that she would not tear down the fence unless she received pay for the labor and material incident to its construction and destruction and further compensation for a 16-foot right of way.

Attorneys, neighbors and court attendances, Miss Rosewall charges, are acting in conjunction with the interurban company to destroy her property.

# INTERPRET OLD AIRS IN FINALE

Close of Veterans' Show Will Be  
Musical and Dancing  
Treat.

The finale of "Oh, Oh, Cindy," which is to be given by the Oney Johnston post of the American Legion September 3 and 4, is said to be an unusual feature in amateur productions. The scene has been named the "Songs of Yesterday and Today," and brings back recollections of favorite airs.

One of the stars in this scene will be Miss Helen Sherman, as Le Crier, who will be required to demonstrate both elocutionary and dancing ability. The plan of heralding the songs in this way will be something new to Appleton theatergoers.

Properly costumed dancing groups will interpret the songs as they are sung. These include: Two little girls in blue, Helen and Dorothy Schwartzburg, Indiana; Bessie Munger, Joan Mills, Florence Torrey, Yama Yama, Agnes Keller, Elizabeth Utz and Marjory Thomas, Irish colleens, Grace Hangan, Mercedes Peerenboom; Quakers, Margaret and Dorothy DeYoung, Dorothy Peterson, Ruth Dickenson, Japanese, Agnes Sherman, Florence Kahn, Dorothy La Gier, Dorothy E. Cline, but dancers, Dorothy and Bernice Aisler, Hindustan, Sylvia Dandl, Margaret O'Leary, Estelle Hansen and Olive Reitz, starlight girls, Irene Peeg, Irene Hagen, Helen Wheeler, Bessie Wadsworth, Hannah Rosenthal, Margaret Feavel, Frances McGrath, Estelle Chamberlain.

The scenery and costumes for the play are furnished by the John B. Rogers producing company, and are said to be far more elaborate and artistic than those carried by many of the professional companies.

# The Stage

"My Sunshine Lady"  
The tuneful and snappy musical comedy success, "My Sunshine Lady," with its bevy of pretty girls and uncoiled company of comedians and comedienne, will open an engagement for one night only August 31 at the Appleton Theatre.

The plot of the piece carries the characters to a wide variety of locations. It opens in the New York Winter Garden. Then away they go to the green fields of Brittany. Again to Mexico's balmy clime they scamper, and once more in the green room of the Winter Garden; those in the action of the play depart themselves.

The love of adventure of Babette, a French fisherman's daughter, and a young American millionaire, form the basis of the plot.

A "classy and beautiful ballet of the Follies" follows the principals all the way on their travels. The brilliant musical score boasts of twenty-four numbers and a great many are recorded as "hits." The latter are "My Sunshine Lady," "I Miss You Honey," "Deed I Do," "What's the Use of Loving," and "The Vampire Lady."

Among the well known principals may be mentioned Gudrun Walberg, Allan Carter, Louise Statter, Bessie Delmore and Gilbert Tossick. And an ensemble of wondrously charming beauty chorus, "twenty under twenty."

# HOG CHOLERA IS RAGING IN STATE

Disease Is Making Rapid Inroads in Swine Herds of Three Counties.

Madison, Wis.—Hog Cholera has broken out again virulently in Wisconsin, this time in Rock, Green and Grant Counties, chiefly. The disease broke out, Dr. Purcell of the State Department of Agriculture states following the purchase of feeder pigs from speculators in Southern Wisconsin. Veterinarians of the Department of Agriculture who are now investigating the source of the infection state that the disease seems to have appeared first in pigs brought down from the pig markets at Appleton, Watertown, Cedar Grove, Saukville, Kewasum, and other Wisconsin pig markets. Efforts are being made to check the losses in infected herds, and to protect healthy herds, but the Department of Veterinarians state that the condition is serious and will become more serious unless the active cooperation of farmers and breeders is secured. "We can not cure hog cholera," said Dr. Purcell. "When the disease appears in a herd the loss is usually very heavy, but we can prevent it by proper vaccination when the animals are in good health, and this vaccination should be a yearly

# Hot Days Derange Best of Stomachs

Use Dr. Caldwell's Syrup Pepsin  
for quick relief from stomach  
troubles. Let children try it!

It is fascinating to growing girls to nibble at candy and accept invitations for sodas and ice, but in hot weather it is apt to destroy appetite for more wholesome food and leave the stomach deranged.

It is of utmost importance to see that the girl has regular daily elimination. At the first sign of headache, bitter taste, bad breath, you will know she has constipation. Do not wait for nature to adjust itself but give a teaspoonful of Dr. Caldwell's Syrup Pepsin and the symptoms will soon disappear. Syrup Pepsin is a combination of simple laxative herbs with Pepsin, and a bottle can be bought at any drug store. It is mild and gentle in action and does not gripe. The taste, too, is very agreeable.

Thousands of mothers will not give children anything else, and many retain Syrup Pepsin when nothing else will stay on the stomach. Just test the experience of Mrs. Filian of 485 N. Main

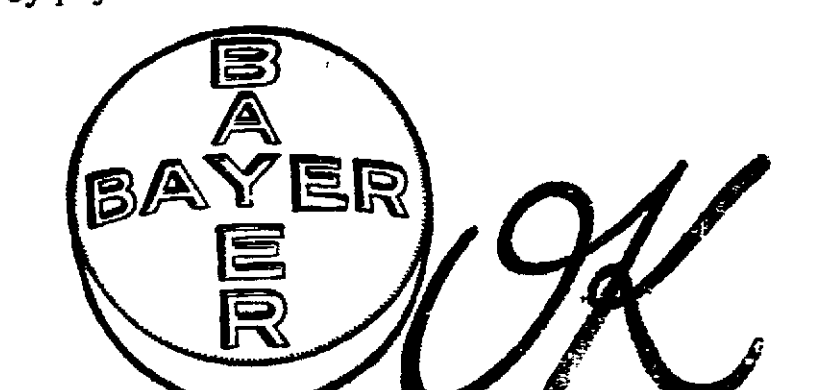

St. Manchester, N. H., who had to discard all other laxatives because she could not keep them down. But she finds Syrup Pepsin suited to her system. This must be so generally as Dr. Caldwell's Syrup Pepsin is the largest-selling medicine for constipation in the world, and it has brought relief to millions besides Mrs. Filian. You should try it.

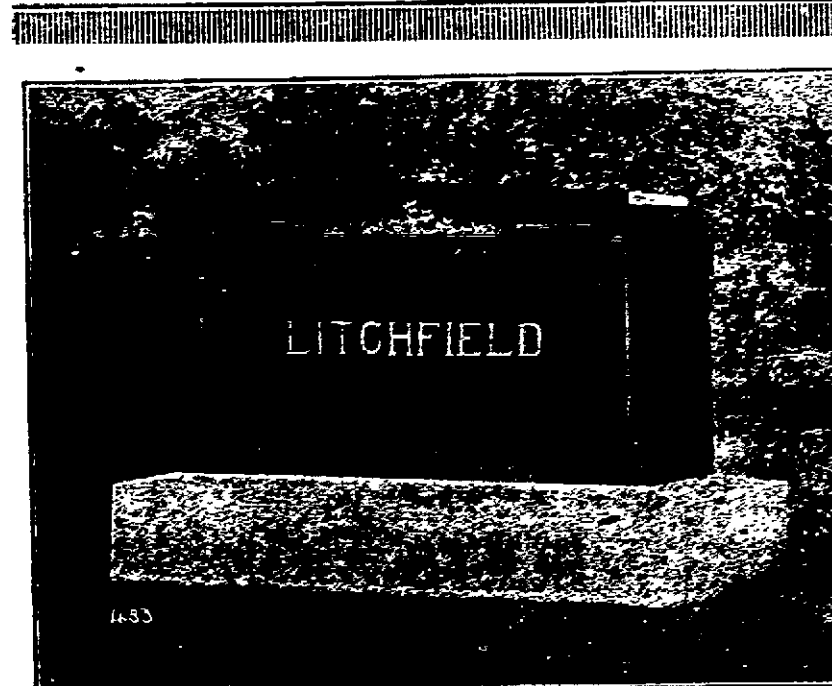

**FREE** Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington Street, Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

# I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peru-NA. After some of the best doctors in the country gave me up and told me I could not live another month, Peru-NA saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while plugging my trade as auctioneer, it is only natural that I had colds frequently so when this would occur I paid little attention to it, until last December when I contracted a severe case, which through neglect on my part settled on my lungs. When almost too late, began coughing, but, without avail, until I heard of Peru-NA. It cured me so I cannot praise it too highly."

# Why Itch and Burn With Skin Diseases?

There is a Way to Get Rid of the Torturous Suffering. Terrifying skin irritations, eczema, tetter, boils, pimples, etc., have their origin in a disordered condition of the blood. They come from a colony of tiny germs which get into the blood and multiply by the million. Lotions, salves, ointments or similar treatment cannot possibly reach the source of the trouble, which is the blood.

When any of these symptoms appear you should take prompt steps to rid the blood of the germs which cause them. And the one remedy which has no equal as a blood cleanser is S.S.S., which is sold by druggists everywhere.

Begin taking S.S.S. today, and write to our Chief Medical Adviser, who will give you special instructions without charge. Address Swift Specific Co., Atlanta, Ga.

events in terms of number of men and families who took the trips is a forceful expression of the deep-seated interest in better dairy cattle possessed by the leading farmers of Outagamie County. The trips did not occur at a dull season of the year, but came, as a matter of fact, at an unfavorable time with pressing work to do on the farm. This condition resulted in a true measurement of the desire and enthusiasm of Outagamie County dairymen to improve their own methods by seeing some of the best animals of their favorite breed, and hearing and observing the experience of some of the more successful breeders. Prominent Outagamie breeders familiar with local conditions could not hope for the attendance that actually took place. "There is no interest in this section," "Things have been quiet in Outagamie County," were common remarks. A condition contrary to these remarks has been demonstrated by the events of August 19th and 20th. No other county in the state can boast of two excursions as large as those put on by the Outagamie county farmers. The excursions simply add to the recent expressions in emphasizing the interest with which a movement for better and more profitable dairying is received by the farmers of this county.

These events are undoubtedly but stepping stones to larger and more far reaching measures which will be undertaken by resourceful, capable, and energetic Outagamie farmers making for community cattle improvement and better farm life in general.

# They Are Your Neighbors

These folks are your neighbors. They work for the telephone company. They are regular people, just like you, your friends and family.

They eat food, wear clothes, live in houses, talk, laugh, sing, cry, get peevish (and get over it), enjoy the movies and home-made pies, just like you.

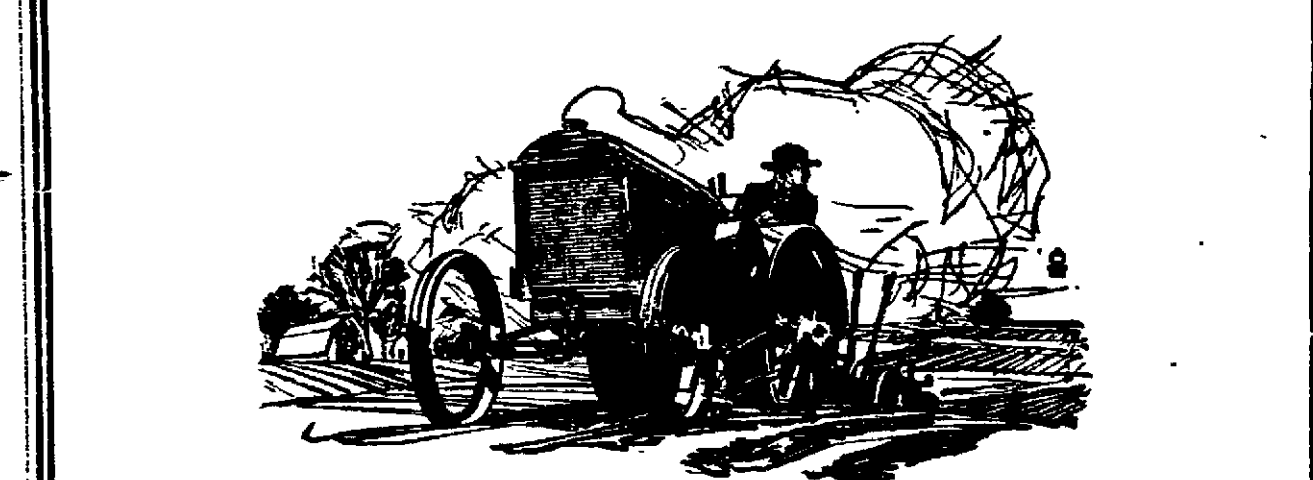

These folks are trying hard to give you the best telephone service in the world. They take pride in their work and in their company; but sometimes, when they hear you complaining about paying a few dollars a year for telephone service, they become worried and wonder how they are going to make ends meet — for they know their wages depend on what you pay for your telephone.

# Fordson TRADE MARK Farm Tractor

More than 100,000 Fordson Tractors have been sold to farmers in the United States. They are helping those farmers do more and better work in less time and at less cost. North, East, South and West—everywhere the Fordson has proven itself a money-maker and a real necessity to the farmer. Besides it solves the labor problem.

These practical farmers have affirmed the economy—the exceptionally low fuel and operating cost—of the Fordson; its time and labor-saving qualities and its ability to increase production. The Fordson was built to be the most economical tractor: it is compact and devoid of excessive weight. And it is built of same strong Vanadium steel as the Ford car.

Winter or bad weather does not hinder the Fordson's usefulness. Day or night — twenty-four hours a day if you choose you can utilize the Fordson.

Only so many Fordsons are allotted this territory. Orders are being filled in rotation. Let us have yours now.

# YANKEES PROTEST FIGHT DECISION

Americans Not Satisfied With Award of Bout to Swedish Star.

(By Henry L. Farrell.)  
By United Press Licensed Wire  
Amberg—The American athletes formally protested today the decision by which Edith Swede was declared winner over Nat Pendleton for New York in the bout for the heavyweight catch-as-catch-can Olympic championship.

There were no falls, but the American contended Pendleton was an easy winner on points, he having the Swede on the defensive most of the time.

The Americans annexed but one wrestling title—the featherweight—in which a Yankee also was the runner up. After an exciting tussle, C. D. Ackers of Cornell defeated G. N. Gerson of Pennsylvania.

In the other finals, Antilla, Finland, defeated Svensson, Sweden, for the lightweight championship, and Leino, Finland, defeated Penttila, Finland, in the middleweight class. Larson, Finland, and Courant, Switzerland, were to wrestle for the light heavyweight title today.

The American water polo team was eliminated by England in the semi-finals, losing 7 to 2.

Miss Ethelinda Bishbey of New York set a 200 meter free stroke swim, hanging up a mark of 4 minutes 41.25 seconds, which was 1.35 seconds faster than the mark made by Miss Fannie Durack of Australia in 1912.

# 150 TEACHERS ARE AT INSTITUTE HERE

Practical Subjects Are Discussed at Institute Opening Today.

Practically all of the 150 teachers of the county schools are attending the annual teachers' institute at the courthouse which will be in session for two days.

The institute was supposed to have been called to order at 9:30 a. m., but it was somewhat later than that when the program opened. The morning session of the first day was taken up entirely with a general talk on "Teachers' Responsibilities" by A. G. Meating, county superintendent of schools, and with a discussion on "Beacon Reading" by L. B. Stiles.

"Physiology" by W. F. Hagman, principal of the Outagamie training school, and "Measuring Results of Teaching" will be taken up at the afternoon session, the day's program closing with "Primary and Middle Form History" by Mr. Meating.

Other subjects to be discussed tomorrow will be "Junior Red Cross," C. H. VanTuyt; "Regional Geography," L. B. Stiles; "Interpretation of Reading Tests," Mrs. Flemming; "Civics," Mrs. Deane; "Language," L. B. Stiles; "Reading Test," Mrs. Flemming. The officers elected at the first annual meeting of the Outagamie County Teachers' Federation at the courthouse Thursday afternoon were: President, Francis O'Hanlon; vice-president, Erna Pamperin; secretary, Winifred Ryan; treasurer, Richard Buehls. School work for the coming year was discussed.

# THESE GIRLS STAR IN BROADWAY PLAYS

New York—The cards are all stacked for five new "queens of the stage" to be shining along Broadway before another year is ushered in. One has already been "played" in "Spanish Love" the work of Avery Hopwood and Mary Roberts Rinehart, at the

Maxine Elliott Theatre. She is Maria Ascarra (center). Mitzi Hajos (upper right) will play the star roll in a new musical romance to be produced by Colonel Henry Savage Florence Reed (upper left) will play the lead in "The Love Woman," by Edgar Selwyn,

John Hantschel, democratic candidate for county clerk, will be unable to conduct any campaign for the primary election, according to word received by friends here. He is still in a government hospital at Chicago, where the stump of the leg which he lost in the world war is being treated. The previous treatment left the stump raw, so two more inches of bone have been sawed off and the skin is now healing over the new wound. He expects to be released from the hospital within two weeks, and was conducting a campaign for election in November.

# 1ST WARD SCHOOL OPENS WEEK LATE

Repairs on Building Will Not Be Completed by September 6.

The First Ward school will open its fall session Monday, September 13, instead of September 6. This was decided at a special meeting of the first district school board Friday morning, following an inspection of the building.

Although the alterations being made on the school building are progressing as rapidly as possible, it was believed improbable that they could be sufficiently near completion by September 6. The scope of the present alterations was greater than anticipated, and an additional change has also been ordered.

A passageway on the first floor was ordered to be made between two openings of the school, in order to obviate the necessity for going through one of the classrooms. This will necessitate moving the kindergarten toilet. Mason work on the building, including the insertion of a number of new windows, is nearly completed. Extension revision of the heating plant is under way, including the installation of new fans, remodeling of one of the boilers, and adding ventilation stacks. An additional girls' lavatory is being constructed, and the one used by the boys is being enlarged and rebuilt.

# KAUKAUNA YOUNG MAN DROWNS WHILE SWIMMING

The body of Clarence Gerend, 15 year old son of John Gerend, Kaukauna, was taken from the government canal in that city this morning after a search starting shortly after four o'clock yesterday afternoon. Water was drained out of the canal.

According to information from Kaukauna, Gerend and two cousins were swimming in the river near the Canoe Clubhouse when Gerend decided to swim in the canal. He left his companions and went to the new swimming place and sometime later the cousins went over to join him. They found his clothes on the shore but no trace of the boy and immediately started a search. His parents and police authorities were notified and it was decided to drain the canal.

# TOWN OF MAINE MAN DIES OF INJURIES

William Kiefler Is Struck in Abdomen While Working on Sawing Machine.

William Kiefler, 27 years old, died Wednesday morning at his home in the town of Maine from injuries received Tuesday morning, when he was struck in the abdomen by a piece of wood hurled by a power sawing machine. The man continued at work after the accident and did not realize that he was severely injured until late Tuesday night.

Details of the accident are lacking here, but it is understood that he was working on the saw when a short piece of wood was thrown forcibly against him. He was knocked breathless, but soon recovered and returned to work. During the night he began to suffer severe pains and he died at 11 o'clock Wednesday morning, twenty-four hours after the accident. A post mortem examination revealed that a blood vessel had been ruptured.

The accident is survived by his widow and two children. Funeral services were held Friday from the home and burial was in the Greenville cemetery.

Dr. Robert Larsen and James A. Rolfe leave Sunday in Dr. Larsen's automobile for Manitowish, where they will spend the day at the clinical meeting of chiropractors of the eastern and northeastern Wisconsin districts.

# NIGHT RIDER CASES ON COURT CALENDAR

Two Suits Against Appleton Men Scheduled for Trial in September.

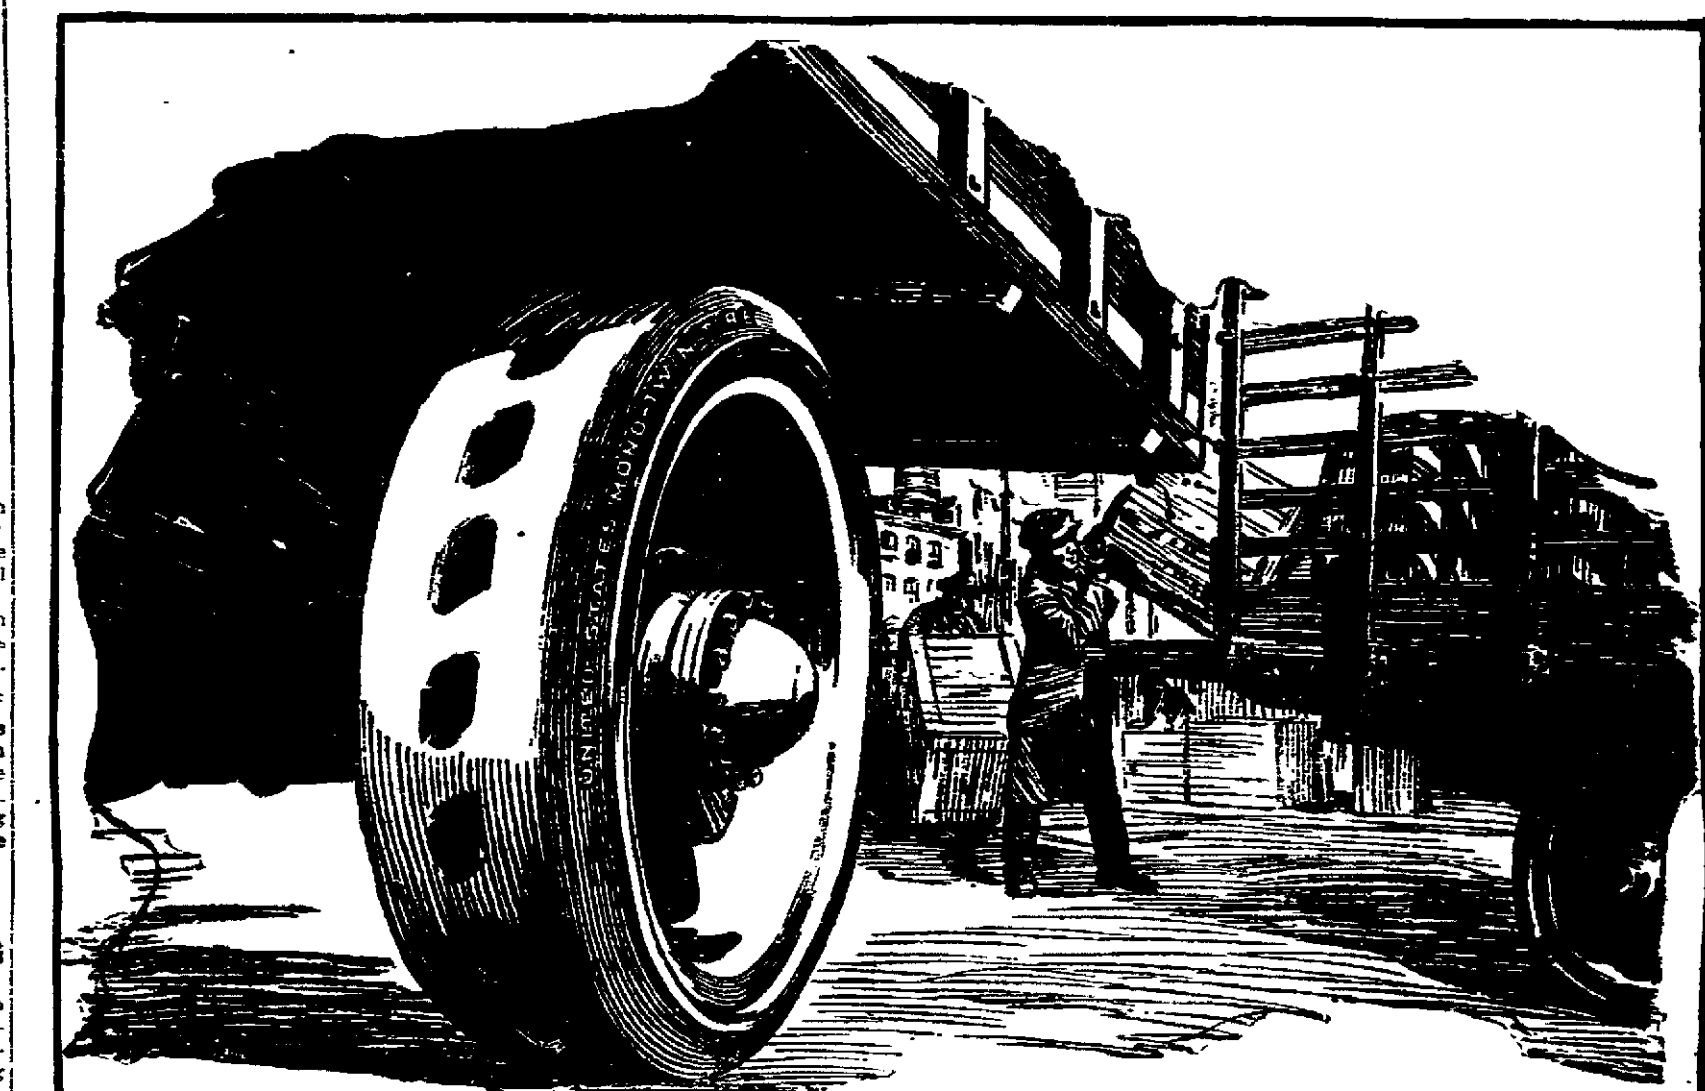

The cases of John Deml vs. Dr. A. E. Rector, et al., and Mrs. Lillian Black vs. Dr. A. E. Rector, et al., which had their origin in the "night rider raids" during the war are to be placed on the calendar of the September term of circuit court which opens at the courthouse, Monday, Sept. 19.

Cochens, Wolff & Kohnski of Milwaukee, attorneys for the plaintiff, filed with H. A. Shannon, clerk of the court, Friday the summons and complaint in each case and requested the clerk to notify them how soon notice of trial should be filed in order to get the cases on the September calendar.

Mr. and Mrs. Harry F. Vahl are preparing to leave Appleton Tuesday and to make their home in Los Angeles, Calif. They have been residing at 351 North street, the home of Mr. and Mrs. G. E. Froelich, who are living at Lake Arrowhead for the summer. They will visit for several weeks in Waukesha, Milwaukee and Chicago before leaving for Los Angeles. Mr. Vahl has been employed with the Reliance Motor truck company.

# How is the Solid Truck Tire Buyer Going to Get What He Wants

ANY man who does his hauling on trucks equipped with solid tires knows what abuse does to them.

Faced as he is with the continual necessity for economy operation, he has to find tires that will stand up under severe duty without severe expense.

We might have picked out another solid truck tire instead of the U. S.—but what we were looking for was a tire built for road

and hauling conditions as they actually exist.

With United States Solids, built of grainless rubber—non-splitting—with rubber and base band chemically joined—ending base separation—goes our personal service that reckons the truck owner's time as money and proper advice as something he is entitled to at all times.

In purchasing a new truck consult us about the type of tires to specify.

# MOVIE STARS LOSE ATTRACTION HERE

Appleton Movie Fans More Interested in Plays Than in Players.

Appleton movie fans are gradually coming to the conclusion that the stars and actresses are going to play, whose names have become well-known through advertising according to Neil Duffy, manager of the Elite Theatre. The day of the star is passing and the first class movie is being produced without stars. These are the pictures which make stars of the leading characters. This is the case in the picture of the National Theatre where the stars in this picture when it was produced but after it had become popular the leads became stars. The picture "Mickey" made Marie Normand a star.

The comedy drama is the type of picture most popular in Appleton. According to Mr. Winninger the movie fans want a story with some heart interest that is easy to understand, with a touch of comedy. Society drama and high class comedy such as "Twenty Three and One Half Hours Leave," appeal to the women of Appleton, while detective stories, crook dramas, slap stick comedy and high class western stories with plenty of fight and gun appeal to the men.

The once adored Charley Chaplin has been so far excelled by other comedians that his pictures are a drag on the market, declared Neil Duffy. Sunday is the biggest day for all of the Appleton picture theatres while Monday is the poorest. According to Mr. Winninger, the crowds get better toward the end of the week, reaching the peaks on Sunday. Appleton people go to the theatres during the early part of the week while the rural patrons appear oftenest on Saturday and Sunday. Friday appears to be a good night for elderly people. Saturday is

# "Correct Time, Please" Calls Keep Jewelers Busy

More than three hours a day is saved by the Wisconsin Telephone company since the abolition of the old custom of calling "Central" for time. This saving takes into account the number of calls that are made daily in Appleton jewelry stores.

A survey of local jewelers shows that from 112 to 140 calls are made each day upon the eight local jewelers. The number of calls varies from a day to day or even 25. The amount of time consumed by the call is also variously estimated depending upon the location of the telephone and the readiness with which it may be answered. One west end jeweler loses nearly a minute and a half in answering time calls partly because of the location of his telephone and partly because calls seem always to be coming when he is busy with a customer. Others who have the phone near at hand, and that it seldom takes more than about 10 seconds.

Jewelers are not remembering any calls, however, on their end. They are glad to answer all time calls that are made within reason though one jeweler said it was pouring it on too thick to call his home in the early hours of morning merely to ask the time of day.

Jewelers ventured the opinion that the telephone company was not effecting a saving because it stopped the practice of announcing the time, considering that an increased number of

connections are necessary. Thomas F. Garland, manager of the telephone company, however, presented figures that showed a saving of at least three hours a day.

Mr. Garland said that when the practice was discontinued, the Appleton exchange was receiving 1500 calls a day for the time. The estimated time which it takes "Central" to dispose entirely of such a call is 10 seconds, making 15,000 seconds or more than 3 1/2 hours which was wasted. Under the present system, the only time to be taken into account is that used in making and breaking the connection between the jeweler and his inquisitor. This time is estimated at eight seconds. The intermediary time which is perhaps lost to the jeweler, is practically of no account to the operator. The larger number of calls made in a day, 140, would take the central exchange less than 20 minutes. The total time consumed, including that in which the operator is not engaged is a little more than an hour.

This hour is of no significance since it represents only so much time in which the company's batteries are used. There are 28,000 calls made in a day at local office and the time consumed by a maximum of 140 is negligible. In actual figures, it is only one half of one per cent, and the former 1,500 represented about four per cent.

Gudrun Walberg and girls in a scene from the musical comedy, "My Sunshine Lady," at Appleton Theatre, Tuesday, August 31

er before, but they will be "bigger and better" according to Dr. Duffy.

Mr. Winninger has discovered after a good deal of experience that Mary Pickford still draws the biggest crowds at the Appleton Theatre. Douglas Fairbanks and William Hart are the best drawing cards at the Majestic Theatre.

NEWSBOY MAKES 600 PER CENT ON LOAN

Sixty cents, which he gave his mother, twenty cents invested in a lunch, five cents spent for an ice cream cone and ten cents, the capital which he originally invested and which he returned to the jeweler who loaned it to the boy in order to make it possible for him to do business was the amount of money taken in Thursday by one newsboy, who was broke when he left home in the morning.

He was a recruit in the business and his more fortunate chum, who usually gave him a paper or two to sell, refused to give him any. The lad was down and out when the jeweler became interested in him and volunteered to stake him a dime. The boy was delighted and rushed to one of the local newsstands where he invested the money in the latest editions. He soon sold them, returned again and again for more papers. One of the first things he did after completing his work was to repay the loan.

# PICK PLAYERS FOR TWO GIRLS' TEAMS

Young Women Will Play First Public Game at Oshkosh on Labor Day.

Baseball, long regarded as a man's sport, has its devotees among Appleton young women who are just as keen to play the game as they are to watch it. Two teams have been organized among the girls of the recreational department of Appleton Woman's club and they are working hard for a series of games in the near future.

The girls have been working out on the first ward school diamond every Tuesday evening and are attracting much attention. Despite their inexperience they handle the ball with considerable dexterity, causing their male auditors to loosen up with surprised comments.

The teams will line up as follows: First Team: catcher, Hannah Rosenthal; pitcher, Dorothy Peterson, short stop, Esther Heiss; first base Estheline Chamberlain; second base, Pauline Hoffman; third base, Bessie Gabriel; right field, Adelia Umland; left field, Gladys Ulrich; center field, Margaret Favel.

Second Team: catcher, Mary Kanouse; pitcher, Gudrun Chamberlain;

shortstop, Mildred Butler; first base, Cordell Stammer; second base, Gertrude Kettenhoven; third base, Elean or Palmer; right field, Edna Spars, left field, Irene Heiss; center field, Rose Bahcall.

Miss Gudrun Chamberlain who is acting as captain for both teams said that the first public game will take place between the two teams at Lake Park, Oshkosh on Labor day at the recreational department picnic.

A practice game was held at the

First ward diamond Tuesday evening in preparation for the game scheduled for Labor Day.

# ONLY \$3.50 AN HOUR RENT FOR THIS FLAT

New York Apartment House Will Be the Latest in Exclusiveness.

(Special to Post-Crescent)  
New York—Have you found a place to live? If you haven't, what about this?

Twenty-two room apartment on Fifth-av, facing Central Park. Nine baths.

Modern appointments throughout. Individual laundry.

Individual storage room. The rent? Oh, a mere matter of \$30.00 or so a year, about \$3.50 an hour, depending upon which floor your apartment is situated.

Of course, this is unfurnished, but you have the satisfaction of knowing that the "finish" to your apartment is the finest obtainable, floors of black walnut, imported mantels, etc.

"For Rent?" Hardly!

Even if you happen to have \$30,000 that you don't know what to do with, it is hardly likely that you will be able to get an apartment in the house on

Fifth-av and third-st. Most of the apartments were rented on long-term leases before the building was finished. In such cases the apartments were divided to suit the tenant; the floor space was cut up according to the ideas of the man who was to occupy it.

This explains why some of the apartments contain only a mere 18 rooms. Such tenants probably did not have large families and chose instead larger rooms. There is only one apartment to each of the twelve floors, so it was possible to suit the taste of each individual without interfering with anyone else.

"Finest in World"  
Even in New York \$30,000 is a great deal of money to pay for rent, and the apartment house at No. 520 Fifth-av is the most expensive one in the city. "And the finest apartment house in this city," real estate experts say, "is the finest apartment house in the world."

Among those who have apartments there are C. K. G. Billings, the noted horseman; Robert Goetz, prominent member of the "400"; Harold I. Pratt of Standard Oil, Mrs. Anna Harkness, Alexander Smith Cochran, the millionaire yachtsman, and H. Mortimer Brooks.

The apartments are furnished in keeping with the rentals. The most costly rugs, draperies, furniture, have been obtained. One tenant is reported to have spent the modest sum of \$250,000 in this manner.

Miss Helen Brayton, 6 Brokaw Place is spending a few weeks at Three Lakes.

Mrs. James McMeekin of Hortonville spent Wednesday in the city.

## BROOKLYN TRIMS CUBS IN FAST GAME

Carefully Played Game at Chicago Goes to National League Heads.

Chicago—Brooklyn won a fast and close game from Chicago on Thursday in the first game of the series. The Cubs were steady in all but the fifth inning, when Chicago made four hits and scored three runs, tying the count. Vaughn allowed ten hits in eight innings and gave way to a pinch hitter, after which Bailey finished. Myers' hitting, with two doubles and a single, was a feature.

**Champs Lose Again**  
Cincinnati—Philadelphia won the last game of the series on Thursday, 7 to 6. Hubbell held Cincinnati to four hits and was never in danger. Ring was fairly effective, but his support was very poor, all but one of the Philadelphia tallies being due to errors. Shortstop Kopf of the Reds had his left thumb broken by a thrown ball in the first inning and may not be able to play again this season. Paulette was hit by a batted ball in the eighth and forced to retire in favor of J. Miller.

**Home Run Wins Game**  
St. Louis—McHenry's home run in the fourth inning, which drove in Stock who had walked, gave St. Louis a 2 to 1 victory over New York on Thursday. The locals got but three hits off three pitchers. Doak was unhit in the pinches.

# Build Your Silo Now!

## Before Your Corn Ripens

**RIGHT NOW**—before corn cutting time is one day nearer, build a silo. It will give you feed with all the milk-producing, beef-building qualities of June pastures the year around. More milk, quicker feeding, better manure—actual dollars in your pocket. It will pay for itself in one year.

Build a Tecktonius Wood Stave Silo. It makes silage right, and keeps it right. No waiting for deliveries. We have Tecktonius Silos here, now—and with the foundation in, you can

## Build the Tecktonius in 1 or 2 Days

The vital silage making processes are absolutely dependent upon the heat generated in the silo not being allowed to escape, and the outside air not being allowed to enter. The silo must be air-tight. This is where wood proves its superiority for silos. Of all building materials, it is the very best non-conductor of heat. Held air-tight, the wood silo keeps the heat in and cold out. Here is where the Tecktonius excels all others—its patented fixtures hold the staves rigidly locked together, keeping the silo absolutely air-tight the year around.

## TECKTONIUS SILO

Makes Silage Right Keeps it Right

**Can't Twist, Creep, Lean or Blow Over**  
Tried and proven—it has been the leader in wood silos for years. Built of perfectly matched staves, the Tecktonius is kept air-tight 12 months in the year—and the staves can't buckle or warp out of shape. Its patented Self-Adjusting Spring Hoop Fasteners take up all shrinkage of the staves.

The Tecktonius can't creep, twist, lean or blow over, for it is securely bolted, and anchored, inside and out, in a rock-like concrete foundation, and tied down with staunch, steel cables.

**Immediate Delivery**  
No waiting—we have Tecktonius Silos here ready for you—and 2 days after you take one home, you can have it up and completed.

## Leave for West

Mr. and Mrs. Sam J. Ryan left Friday morning for Los Angeles, Cal., where they will spend several months. Their home at the corner of Kimball and Morrison streets, has been rented to Dr. George N. Pratt, who will move into it after October 1. Mr. Ryan contemplates purchasing a home in Hollywood, near Los Angeles.

## Will Build Home

George Ashman, contractor, has commenced work on a new residence on the west end of Lawrence street, which he intends to rent or sell as soon as it is completed. He purchased two or three lots in that part of the village park and has not definitely decided what he will do with them.

## Attend Concert

A number of Appleton families autoed to Kimberly Thursday evening to attend the band concert by the Kimberly band. The event was held in the village park and was attended by a large number of people. The program was well received, consisting of popular and classical selections.

## School Closes Aug. 31

The Y. M. C. A. swimming campaign, which has been in progress during the last two weeks, closes Tuesday, August 31. Lessons may still be secured from any of the association instructors by appointment. A

large number of men have already been taught to swim, and the campaign hopes to enlist every man in the association who has not been able to do so before.

## Clean Away Debris

Most of the old lumber in the Schiedemeyer building, next to Traas' grocery store, East College avenue, has been carted away by Gregory Schindler. Mr. Schindler purchased the structure from Lawrence college and has been engaged for some weeks in razing it. When the grounds have been cleared of shingles and rubbish, the college hopes to make it an addition to the lawn around Memorial chapel.

## Tennis Matches

Two incomplete matches were played in class "B" of the Y. M. C. A. men's department tennis tournament Thursday. Betz defeated Homes 9-7. The second set stands unfinished and the second set stands unfinished. Galpin defeated Betz 5-2, the second set being called at 8-8. Both matches will be played off Friday or Saturday.

## FINDS GOOD CATTLE SCARCE IN WAR ZONE

Cattle and hogs are very scarce in Belgium, France and England, according to John J. Sherman, president of the Citizens National bank, who returned Thursday from a European tour in company with other Wisconsin bankers.

"You naturally expect to see plenty of animals in the field as you travel along," said Mr. Sherman, "but they were seldom observed in the territory through which we passed. The herds we saw were made up of any number of different grades, few of them of the pure bred variety such as we have here. They were not made up of Holsteins, Guernseys or other good milk producing animals."

The reason given by the people for this condition was that they had either been killed for food or had been taken from the war ridden countries by the Germans. Switzerland presented a different aspect, as the famous Swiss herds were seen often. They are of a larger type than most of the American cattle, Mr. Sherman said.

The people are inclined to be patient and optimistic and are doing their best to restore their lands and cities.

## TWO NEW TEACHERS IN THIRD DISTRICT SCHOOLS

Two new teachers have been engaged for the Third district schools within the last few days. It was announced this morning. Carl Enger, Earl Claire, will head the manual training department of the district and will also devote part of his time to manual training in the first district.

Miss Laura E. Rogers of Oshkosh, has been engaged for departmental work and to teach mathematics in the Fifth ward school. She succeeds Miss Myrtle Baister, who has resigned to join her parents in Cleveland.

## THIRD WARD TEACHER DIES IN MARINETTE

M. H. Small, principal of the Third district schools, received an announcement Thursday of the death of Miss Vera Waterman, who was engaged as assistant kindergarten teacher in the Third ward school for the coming year. Miss Waterman, whose home was in Marinette, was an experienced teacher and had charge of the classes for several days before the close of school last June. She was sick less than a week. The vacancy has been filled.

# FANS ARE SET FOR BASEBALL BATTLE

Kaukauna Sure to Put Up Terrific Fight Here Sunday Afternoon.

While no word has been received from Hank Schultz, Brandt's star hurler who was injured at New London last Sunday, Mr. Brandt is confident that the big fellow will be on the mound when Kaukauna goes to bat here Sunday afternoon. Schultz assured the local magnate last Sunday when he left for home that if he could not come he would send notification in plenty of time to secure another pitcher or would send his brother to take the mound. His brother is said to be as good as Hank is.

All other members of the squad are determined to make up for their defeat last Sunday, indicating a regular battle. Kaukauna is still smarting from the sting of defeat at the hands of the Oshkosh tribe and wants to take its revenge out of the Appleton squad.

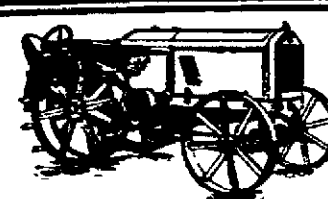

Mike Murphy's showing against New London last Sunday proves that the veteran still has a few ball games left in his arm and that his baseball brains are as alert as ever. He was not able to do much more than toss the ball to the plate but he mixed his hooks in such a bewildering fashion that the Edison sluggers couldn't connect safely.

Kimberly and Oshkosh will stack up against each other in the Sawdust city Sunday afternoon while New London will clash with Menasha on the latter's home grounds. That battle is expected to be the feature game of the league inasmuch as a defeat for New London would put Menasha in second place.

# BEG PARDON

Mrs. Cora Fulcer charged her husband, Charles Fulcer, with cruel and inhuman treatment in her divorce proceedings instead of desertion and non-support, as was stated Wednesday. Fulcer left home June 15, 1920, and since that time has been employed at Green Bay.

Miss Celia Hoolihan of South Kaukauna visited here Thursday. Arthur Maahs of Clintonville was here on business Thursday.

# DEMPSEY AND MISKE ARE WORKING HARD FOR BOUT

By United Press Licensed Wire  
Benton Harbor, Mich.—Jack Dempsey, champion heavyweight, and Billy Miske, St. Paul challenger, today prepared to cut loose in their training for the Labor day boxing classic here. Marty Farrell, coast middleweight, was to do most of the grooming in the champion's camp the remainder of the training season. He and Dempsey tore into each other in their first workout late yesterday. The biffing gathered a round of applause from the visitors. Panama Joe Gans and Big Bill Tate also made fodder for the title holder.

Miske increased his workouts yesterday adding Bill Davis to his training mates and going two rounds each with Jack Heinen, Jim Delaney and Davies.

Mrs. B. E. Finnegan, former resident of Appleton arrived in the city last evening from Denver where he has been spending a vacation. Mrs. Finnegan, who is at Minneapolis, will join her husband here.

William Zalske is a Manitowish business visitor.

# Electric Appliances Add Charm to the Breakfast Hour

Start the day with just the right kind of a morning meal.

There is no guess work about Electric Cooking.

Coffee made in an Electric Percolator is unfailingly good.

Toast, browned into golden squares, on the Electric Toaster, is crisp, fragrant, warm and delicious.

Eggs, boiled in the Electric Egg Cooker are never too soft or too hard.

Enjoy the charm of an uninterrupted breakfast. Use Electric Appliances.

# Now Jiffy-Pie

Real lemon pie by simply adding water

Now the makers of Jiffy-Jell offer you Jiffy-Pie.

It comes in a package with everything necessary—sugar, egg yolk, powdered milk, corn starch and tapioca.

The lemon essence—derived from lemon peel—comes in liquid form in a bottle.

Simply add water, cook the mixture a little and fill your pie.

You get real lemon pie. There is nothing artificial—not even the color.

You get as good a lemon pie as the best cooks can make with a great amount of trouble.

You get better lemon pie than nine in ten of the home-made pies.

We are going to supply homes with Jiffy Desserts—a dozen kinds in time.

First came Jiffy-Jell with its real-fruit flavors in bottles. Millions now know its delights.

Now comes Jiffy-Pie, and the first is lemon pie. You will find it as perfect as Jiffy-Jell.

We are going to buy the first package for every Jiffy-Jell user. We want you to know it at once.

Present the coupon below to your grocer this week. He will give you a package—enough for a big pie—and charge the price to us.

This is for Jiffy-Jell users only. You know that we make supreme real-fruit desserts. Now we want you to taste our real lemon pie.

G. C. SHERMAN SUEDED  
FOR BIG SHOE DEAL

Former Appleton Man Charged With Misappropriating \$1,000,000.

George C. Sherman, former Appleton man, now of Chicago, who gained much notoriety a few years ago by selling more than \$4,000,000 worth of shoes to the Russian government, at a profit of nearly \$2,000,000 for himself, has been sued in the United States district court in Chicago by W. D. Zimdin, a Russian capitalist, who asserts he was Sherman's partner in the deal.

Zimdin charges Sherman misappropriated \$1,000,000 in the shoe deal.

RED SOX CONSIDER  
STRIKE AGAINST MAYS

Boston, Mass.—Members of the Boston Red Sox will probably decide today whether they will sign the petition of the Cleveland Indians appealing to all American league players to join with them in refusing to play in any game in which Carl Mays, the Yankee twirler, is assigned to pitch against them.

The Red Sox held a meeting after the game yesterday and discussed the petition. One of the players declared no definite action was taken but it was expected the Sox will sign the petition.

MAC SWEENEY'S SISTER  
SAYS BROTHER IS HERO

Asheville, N. C. — Terence MacSweeney's defiance of the British government, which may cost him his life, was described as "heroic" today by his sister, the Reverend Madame M. MacSweeney, an official of St. Genevieve college.

"Being a member of a religious community, I do not feel at liberty to make a detailed statement on political matters," she said.

"However, I feel it incumbent upon me to state that I consider the conduct of the late mayor of Cork—my brother—heroic both from a moral and a patriotic standpoint."

Take 50,000 Prisoners  
Warsaw—Eighty thousand prisoners have been taken by the Poles to date, the official communiques announced today.

"South of the Dniester, and along the left bank of the Bug, we are pursuing three bolsheviks," the statement said.

"In the fighting along the Dniester we surrounded and captured the enemy in the region of Herodolka, including a brigade of four thousand. Our prisoners are now estimated at eighty thousand."

SOFT COAL PRICES  
DUE TO FALL SOON

Increased Production Will Send Prices Down, Operators' Head Says.

(By Ralph H. Couch)  
By United Press Limited Wire  
Washington, D. C.—A slump in bituminous coal prices now is expected as a result of increasing production. Authority for this statement is vice president Morrow of the National Coal association, and other officials.

There will be a surplus of more than 140,000,000 tons by December first, if the present production rate continues, according to a survey of the coal situation just completed.

Production now is ranging more than 11,000,000 tons per week, according to the United States geological survey.

"A production of 11,500,000 tons per week will be sufficient," said Director Cushing today, "to pile up a big reserve by December first."

"The panic of consumers to buy coal is cooling down. It was this panic, engendered by the famine talk of operators, that boosted prices. Prices have already begun to fall."

"Bituminous coal of a grade used by utilities and household consumers is now selling for \$11 and \$12 per ton and December will drop to \$5 or \$7."

PUBLIC BUYS ONLY  
BEST, DEALERS SAY

Orgy of First Class Buying Keeps Food Prices From Tumbling Far.

By United Press Limited Wire  
Chicago.—Idiosyncrasies of Father Dearborn's diet have scrambled principles of economy and put yeast in costs which have produced rising prices, grocers here declared today.

"It used to be a principle of economy to purchase lower quality goods because of the cheap price but purchasers now believe it is money saved to buy the best," Sol Westerfeld, large dealer here, said.

"They have turned the theory over and I guess maybe they are right—it makes no difference whether it rots in my hands or the consumers, but it is sure the public is not looking for bargains."

"We have to pay a premium for the best grades and then there is some waste," Westerfeld said explaining that if the poorer grades of food are readily disposed of present maximum prices would be unnecessary.

"We buy first and necessities by the crate and a large per centage of it is unfit to sell our customers," according to George Connors, grocer.

"Each vegetable and fruit must be perfect and therefore our prices have to be some higher to make up the loss."

Grocers try to make a profit of 25 to 30 per cent, M. Baker, proprietor of a large grocery, said.

"It costs us from 15 to 20 per cent to do business leaving us only five or ten per cent margin."

The public's orgy of "first class buying" is preventing price tumbling, all grocers agreed. They absolved the producer of blame saying he faced the same demand they did.

By United Press Limited Wire  
St. Paul—Julius A. Schmahlf, republican secretary of state, said today Gov. James M. Cox of Ohio, was "pretty near right," when he charged the republicans are seeking a campaign fund exceeding \$15,000,000.

"I don't believe there is any doubt that efforts are being made to raise a large fund for the candidacy of the republican nominee," said Schmahlf, "nor do I believe that Cox's supporters, on the other hand, will be permitted to escape without contributing heavily to the democratic fund."

ROAD ENGINEERS  
VISIT OLD ROUTE

Inspection Trip May Determine Where New Road Will Be Located.

J. T. Donaghey of Madison, maintenance engineer of the state highway commission, and O. C. Rollman of Green Bay, division engineer of the seventh road district, in company with A. G. Brusewitz, county highway commissioner, made a trip over the Black Creek-New London state highway Friday.

Special attention was paid to that part of the highway between Shiocton and Black Creek which some of the taxpayers of that part of the county endeavored to have changed at a recent hearing at the courthouse. The road as now laid out between those two villages passes through a swamp for a considerable distance and on account of this two other routes were mentioned, one to the north of the present highway and the other to the south.

The state highway commission has had the matter under consideration since the hearing and is expected to render its decision soon. The tour of inspection of the three officials Friday will in all probability have some effect in finally deciding which route will be made the permanent state highway.

COX CARRIES LEAGUE  
FIGHT TO CONNECTICUT

By Herbert W. Walker  
New Haven, Conn.—Governor James M. Cox opened today with an appeal for the league of nations. He indicated that in all his addresses in this state he devote much of his time to the new women voters.

Speaking before the First Voters' League, Cox said:

"Wherever I go many women who never thought of voting before, tell me that they vote on November 2 and they will vote to make war impossible."

In a speech later today, Cox will urge the women to vote against Senator Brandegee as "irreconcilable" on the treaty issue, he said.

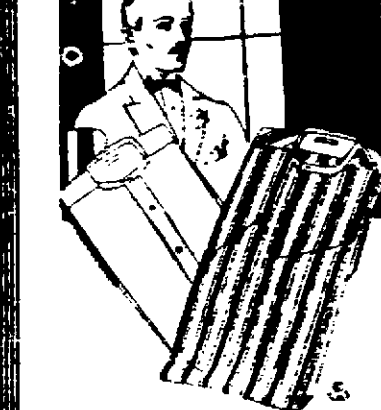

John West and L. Hugo Keller, democratic candidates for clerk of the courts and district attorney, addressed a large meeting in Torrington Tuesday evening. They discussed national and state as well as county politics.
